22nd November 2017

Dear Parent, Carer,

RE: School Closure Wednesday 22nd November

As I'm sure you will agree, the wellbeing of our pupils is our greatest concern. Unfortunately a situation has arisen whereby the school has no water supply either hot or cold.

Therefore, it is with much consideration that we have made the decision to close the school today Wednesday 22nd November. This will be the situation until the water supply has been resolved.

Please accept my apologies for the short notice of this announcement, the problem only came to light at the start of the day today and we have worked tirelessly to try to resolve the issue.

Property Services continue to do all that they can to support us and get the water operational as soon as possible. We hope that this situation will be resolved within the day today. We will continue to communicate with you via text messages and the school website. Please check the school website on a regular basis for an update on the situation

I appreciate that this decision will create frustration and difficulty, but given our commitment to the wellbeing of our pupils, it is unavoidable.

Thank you for your understanding and patience in this matter.

Yours sincerely

Mr. C Etheridge
Head Teacher
